

The Product & Service SPOTLIGHT

Advertising in this is for demonstration only and pulled together by the publisher.

- Sent to Aviation Maintenance Magazine's 50K+ strong email database
- In order to maximize the leads generated for each, this is limited to only 8 companies to promote their products or services
- Readers click on MORE INFORMATION and are linked directly to a designated page on the advertisers website
- ALL of the respondents are automatically sent to the advertisers afterwards along with all their demographic data and contact details
- Advertisers get the leads and mailing labels so the advertiser can quickly follow up with a sales brochure

PRICES: Each slot is ONLY €875 and there is an opportunity to place your animated banner on the right-hand side for an additional €550.

All you need to provide is an image, short description and link and we do the rest – JUST WAIT FOR THE QUALIFIED LEADS TO ROLL IN.
